

3altayer.app - Official Financial Budget & Launch Feasibility Study

Detailed Cost Breakdown, Cloud Infrastructure & ROI Projections (Egypt / EGP & USD)

1. One-Time Setup & App Store Developer Accounts

- * **Domain Registration:** Official custom domain (3altayer.app / 3altayer.com) = \$15 (~750 EGP/year).
- * **Google Play Console:** Lifetime Android Developer account to publish Rider & Driver apps = \$25 (~1,250 EGP).
- * **Apple Developer Program:** Annual iOS Developer account for App Store distribution = \$99 (~4,850 EGP/year).
- * **SSL & DDoS Protection:** Cloudflare Enterprise-grade DNS & HTTPS certificates = \$0 (FREE).
- * **Total Setup Capital:** \$139 (~6,850 EGP) one-time fixed cost.

2. Monthly Cloud Hosting & API Running Expenses

- * **Cloud VPS Server:** Hetzner / DigitalOcean (4-8 vCPU, 16GB RAM) hosting NestJS, Postgres, Redis = \$25 (~1,250 EGP/mo).
- * **Google Maps Platform:** SDK, Geocoding & Places APIs = \$0 (Fully covered by Google 200 USD monthly free credit).
- * **SMS OTP Authentication:** 3,000 verification SMS via SMS Misr / Twilio @ ~0.35 EGP/SMS = \$20 (~1,000 EGP/mo).
- * **Push Notifications:** Firebase Cloud Messaging (FCM) for background mobile audio alerts = \$0 (FREE).
- * **Driver Documents Storage:** Cloudflare R2 / AWS S3 encrypted KYC storage = \$2 (~100 EGP/mo).
- * **Payment Gateway (E-Wallets):** Paymob / Fawry integrations = 0 fixed fees (pay-as-you-go per transaction).
- * **Total Monthly Cloud Running Cost:** ~47 USD (~2,350 EGP / month).

3. First-Month Growth & Driver Acquisition (Optional)

- * **Targeted Social Ads:** Facebook & TikTok campaigns targeting drivers in Cairo & Alexandria = ~8,000 EGP.
- * **Rider Promo Campaigns:** Localized ads in Nasr City, New Cairo, Zamalek & Maadi = ~7,000 EGP.
- * **First Week Captain Quests:** Peak hour bonus incentives to bootstrap active driver supply = ~5,000 EGP.
- * **Total Marketing Allocation:** ~20,000 EGP (~400 USD).

4. Financial ROI & Net Revenue Projection

- * **Base Scenario:** 300 completed rides/day @ 75 EGP average fare = 22,500 EGP daily GMV (675,000 EGP/month).
- * **Platform Commission Net:** Average 12% blended commission (15% instant, 10% bidding) = 81,000 EGP gross revenue/month.
- * **Net Profit After Cloud & Ops:** 81,000 - 2,350 EGP = ~78,650 EGP / month net operational profit.

Executive Capital Conclusion:

Total launch capital required (Setup + 1st month Cloud + Marketing) = ~29,200 EGP (~590 USD).
